

DESCRIPTION

TECHNICAL CHARACTERISTICS

Brand : PHILIPS
Part number : DPM8000/02
Connectivité :
Interface : USB
Battery capacity : 1000 mAh
Battery recharge time : 3 h
Battery technology : Lithium-Ion (Li-Ion)
Bit rate : 705 Kbit/s
Built-in microphone : Y
Built-in speaker(s) : Y
Cables included : USB
Card reader integrated : Y
Compatible memory cards : MicroSD (TransFlash), SD, SDHC
Depth : 123 mm
Display diagonal : 5.08 cm (2»)
Display resolution : 320 x 240 pixels
Display type : TFT
Docking connector : Y
Docking station included : Y
FM radio : N
Headphone connectivity : 3.5 mm
Headphone out : Y
Height : 15 mm
Lead-free soldered product : Y
Linear (1D) barcodes supported : EAN-8, UPC-A, UPC-E
Lock type : Combination lock
Loudspeaker diameter : 2.8 cm

Mac operating systems supported : Y
Manual : Y
Mass storage class compliant : Y
Maximum recording time : 700 h
Media types supported : Flash card
Memory card included : Y
Microphone direction type : Unidirectional
Microphone in : Y
Minimum processor : Intel Pentium 4, 1.0 GHz
Minimum RAM : 1000 MB
Minimum storage drive space : 100 MB
Number of built-in speakers : 1
Operating temperature (T-T) : 5 - 45 °C
Optical drive required : Y
Output power : 200 mW
Product colour : Champagne
Rechargeable battery : Y
Recording battery life : 23 h
Recording modes : Pulse-code modulation (PCM)
Sample rate : 44.1 kHz
Security algorithms : AES
Standby time : 200 h
Sustainability certificates : RoHS
Sustainability compliance : Y
USB connector type : USB Type-A
USB required : Y
Video card required : Y
Weight : 117 g
Width : 53 mm
Windows operating systems supported : Y
