

Industrial Chassis Short Body III - 4 U

DESCRIPTION

This industrial chassis can house up to 10 hard disk drives. The chassis is 4U high and 45-cm deep only, compatible with 600-mm deep servers.

The screwless design, enhanced cooling system and locking system make this chassis very suitable for a company or the setting up of a DVR for a video surveillance system.

The front panel can be locked, restraining the access to the CD/DVD drives, USB ports and buttons. The low price and high-quality make this chassis competitive on the market.
