

Bike Handlebar Bag - Black

DESCRIPTION

This bike handlebar bag with shoulder strap is the perfect accessory for cyclists who need to easily and safely carry their belongings while riding their bikes or scooters. Made from high quality water-resistant material, this bike handlebar bag protects your belongings from rain and splashes while riding in the rain.

The MOBILIS Bike Handlebar Bag is easily attached to most bike or scooter handlebars with its quick release system, and it stays securely in place with its safety strap. It is spacious and has a large main compartment to store your essentials such as your cell phone, wallet, keys or sunglasses.

Bike handlebar bag committed to 1% for the Planet !

By purchasing this bike handlebar bag, you participate in the financing of concrete environmental projects aiming at reducing the global consumption of plastic and promoting the circular economy.
