

LocknCharge Putnam 8 Pre-wired (USB-C PD) Charging Station for 8 devices

DESCRIPTION

For smartphones, iPads, tablets and Chromebooks (USB-C cables included)

Designed to charge, store, and secure up to 8 USB-C mobile devices, the Putnam charging station features coloured LED indicators to show the charging status of your devices.

Benefits:

- Charge up to 8 devices simultaneously
- External charging status indicators
- Mechanical combination lock
- Equipped with 8 USB-C cables by default
- Welded steel construction
- Robust warranty

Smarter features:

- External charging status display: The LED display screens use colour codes to easily show whether devices are charging (red) or ready to use (green).
- Compatibility: The Putnam charging cabinet works with most brands of smartphones, iPads, tablets, or Chromebooks <13". Additionally, the slot dimensions have been optimised to accommodate most cases and protective covers.
- Robust: With its welded steel construction and mechanical combination lock, this charging station offers a very high level of security.
- Connected by default: The Putnam charging station offers faster Power Delivery charging and includes 8 USB-C cables, providing all the connectivity needed to charge and secure your devices.
- Lightweight and compact: The Putnam charging cabinet can be easily installed on the floor, wall, or desk. To save even more space, it can be mounted on the wall using the optional wall mounting kit.
- Stackable: Putnam charging stations can be stacked on top of each other if you need additional charging slots.
- No keys required: Thanks to the integrated mechanical combination lock, no keys are needed. Additionally, the charging station includes an administrator override key in case the combination is forgotten.
- Efficient charging: With Power Delivery technology at each port, the Putnam charging station can charge up to 8 devices simultaneously.
- Temperature sensors: Each port contains a protection circuit that shuts it off in case of overheating.
- With or without cases and covers: The slot dimensions of the Putnam 8 mk3 have been optimised to accommodate most devices with their cases and protective covers.

-Robust warranty: LocknCharge products are built to last, even under the most extreme usage conditions.

Technical Specifications of the Putnam 8 mk3:
