

DESCRIPTION

Say Hello To Your New Work Buds

MEETING TIME. FOCUS TIME. ME TIME.

Voyager Free 60 UC is a hybrid work solution to meet every moment. With ANC and a three-mic array to isolate your voice, you're confident both sides of the call are crystal clear. And the smart charge case* doesn't just go the distance—it gives you control at your fingertips, so you can connect instantly with your team, playlists, podcasts, and even inflight entertainment. Your IT department will also approve because they are certified to work with the latest meeting platforms, and they can be centrally managed from anywhere in the world.

Lift Your Voice. Lose The Noise.

ADVANCED MIC DESIGN AND AUDIO PROCESSING TECHNOLOGIES

Mic check, one, two, three. With a three-mic array in each earbud triangulating on your voice and minimizing the surrounding noise, you're loud and clear wherever you take your calls. And with WindSmart technology, you can breeze through conversations as you move through your day without interruption.

Tune In. Tune Out.

SUPERIOR NOISE CANCELING FOR UNINTERRUPTED LISTENING

Whether it's a crowded cafe or bustling commute, forget the commotion around you. The adaptive hybrid ANC automatically adjusts to your wearing style and cancels out just the right amount of noise for a quiet and comfortable experience. And with two-setting transparency mode, you can tune back into your natural surroundings without taking out your buds.

Take Control With A Glance And A Touch

STATUS AND AUDIO CONTROLS AT YOUR FINGERTIPS

With the Voyager Free 60+ UC you can mute calls, adjust volume, connect to external sources, and switch devices without dropping a call or what you're doing. The touchscreen case puts the information you need, and the ability to quickly do something about it in your hands, thanks to its color touch display and intuitive icons. The fast charging gives you an extra hour of talk time for every 15 minutes and will fully recharge your buds two times for up to 16.5 hours of active call use.

Hits All The Right Notes

IMMERSIVE STEREO SOUND

Go from work to playlists without missing a beat. The hi-fi sound and 10mm speaker drivers transform your buds into a portable stereo. So you can stream your music, shows, podcasts, and games when you need a break.

Wont Wear Out Its Welcome

COMFORT, COMFORT, COMFORT

Seamlessly switch from your 95 to your 59 and back again without missing a beat thanks to the comfort-centric design of the Voyager Free 60 UC earbuds. Discreet and lightweight these 5.8g wireless earbuds come with three conical-shaped earbud tip sizes engineered to minimize pressure in the ear while also providing ideal audio isolation. The advanced sidetone technology keeps you aware of how loud you are speaking so you aren't straining your voice.

Connect To More of What You Want To Hear

SEAMLESSLY SWITCH BETWEEN MULTIPLE DEVICES

The multipoint technology lets you connect to up to two Bluetooth® devices at a time without resyncing, wheels spinning, or searching for a signal. Seamlessly manage calls between your mobile phone and PC without missing a beat.

GO WIRELESS WITH WIRED SOURCES

The touchscreen charge case includes a 3.5mm audio port so you can connect an external source, like an inflight entertainment system, and enjoy the movie without wires.

Engineered For Enterprise Use

IT APPROVED!

Built for hybrid work means just that. The Voyager Free 60 UC Series comes with Poly Lens Desktop, iPhone and Android apps so users and IT can customize the experience. And because they were optimized for use with communications platforms and have certifications from the leading virtual meeting providers, they will deliver the highest standard of audio quality on their platforms. Using the Lens Cloud management software, IT can also proactively provision and manage their entire deployment of Poly headsets and gain insights and analytics on the health of the entire estate.

TECHNICAL CHARACTERISTICS

Brand : HP

Part number : 7Y8H0AA

Connectivité :

Bluetooth : Yes

Accessories included in set : 3 sizes silicone eartips

Battery capacity (charging case) : 580 mAh

Battery operated : Yes

Battery recharge time : 2 h

Battery recharge time (charging case) : 3 h

Battery technology : Lithium-Ion (Li-Ion)

Battery technology (charging case) : Lithium-Ion (Li-Ion)

Battery type : Built-in battery

Bluetooth profiles : A2DP, AVRCP, HFP, HSP, SPP

Bluetooth version : 5.3

Built-in display (charging case) : Yes

Cables included : 3.5 mm to USB Type-C, USB Type-C to USB Type-C

Charging case : Yes

Charging case connector type : USB Type-C

Charging case dimensions (W x D x H) : 54.5 x 72 x 33.1 mm

Charging case type : Wired & Wireless

Charging case weight : 80 g

Colour name : Carbon Black

Connectivity technology : Wireless

Continuous audio playback time (ANC on) : 8 h

Continuous audio playback time (charging case/ANC on) : 24 h

Control type : Gest

Control unit type : On-ear control unit
Ear coupling : Intraaural
Fast charging : Yes
Frequency response (music mode) : 20 - 20000 Hz
Headset type : Binaural
International Protection (IP) code : IP54
Intraaural headphones type : Earbuds
Left earpiece battery capacity : 70 mAh
Left earpiece weight : 5.8 g
Mac operating systems supported : MacOS
Microphone noise-canceling : Yes
Microphone type : Built-in
Mobile operating systems supported : Android, iOS
Noise canceling : Yes
Noise canceling type : Active
Number of microphones : 3
Operating keys : Answer/end call, Bluetooth pairing, Play/Pause
Optimized for : Microsoft Teams
Position sensor : Yes
Product colour : Black
Product type : Headset
Protection features : Dust resistant, Splash proof
Receiver included : Yes
Recommended usage : Office/Call center
Right earpiece battery capacity : 70 mAh
Right earpiece weight : 5.8 g
Standby time : 720 h
Talk time : 5.5 h
Talk time (with charging case) : 16.5 h
Transparency mode : Yes
Wearing style : In-ear
Wireless charging : Yes
Wireless range : 30 m
Wireless receiver interface : USB Type-C
