

DESCRIPTION

This mount combines value and versatility in a single product solution. The aluminum arm creates a sleek and stylish look that blends seamlessly with any home or office decor.

The flexible arm and tilt/rotate VESA plate allow the user to adjust the height and angle of the monitors, providing the best possible viewing experience. This model is ideal for virtually any application due to its ability to easily rotate between portrait and landscape orientation. Maximize your desk space while providing the best viewing option for your eyes.
