

## DESCRIPTION

Protect your privacy and maintain the clarity of your on-screen data with our magnetic privacy filter. Specifically designed for your MacBook Air 15.3" 2023, it provides a comprehensive solution for securing your sensitive information.

Utilizing advanced technology, only the user directly facing the screen can view the displayed data, ensuring your privacy even in public settings. Tailored to fit the screen of your MacBook Air 15.3" 2023, this filter seamlessly integrates with a wide range of laptops and fixed screens, offering a versatile solution for privacy protection.

Our filter is repositionable : you can easily adjust it on your screen and remove it as needed. A storage pouch is provided for convenient storage when the filter is not in use.

For an optimal visual experience, this filter features an anti-reflective coating that reduces glare on the screen, ensuring maximum visual comfort even in brightly lit environments. In addition to protecting your privacy, our filter also incorporates blue light filtration technology, reducing eye strain and fatigue
