

## DESCRIPTION

Think your small meeting room has limited possibilities? Think again. Poly Trio 8300 transforms any small conference hub into a smart collaboration space with the touch of a button. Launch conference calls in seconds. Fill the room with rich audio. Tune out distractions and keep everyone engaged with Poly NoiseBlock technology. Optimal coverage ensures every voice is heard. One device provides Wi-Fi2 , USB, Bluetooth and IP connectivity, and a simple interface launches meetings in seconds. Plus, you get future-proof flexibility with the option to easily add video conferencing and content sharing accessories. With all these options in one smart device, you can help your teams get more done in less space. And make meetings more engaging for everyone.

## TECHNICAL CHARACTERISTICS

Brand : HP

Part number : 849A0AA#AC3

### Caractéristiques :

Bluetooth : Yes

Bluetooth profiles : A2DP, HFP

Built-in display : Yes

Built-in speaker(s) : Yes

Cables included : LAN (RJ-45)

Call forwarding : Yes

Call hold : Yes

Call transfer : Yes

Call waiting : Yes

Calling line identification restriction (CLIR) : Yes

Conference call : Yes

Conference call ways quantity : 5

Control type : Buttons

Depth : 294 mm

Do not disturb function : Yes

Echo cancellation : Yes

Ethernet interface type : Gigabit Ethernet

Ethernet LAN data rates : 10,100,1000 Mbit/s

Harmonized System (HS) code : 85176990

|                                                                                                                        |
|------------------------------------------------------------------------------------------------------------------------|
| Height : 60 mm                                                                                                         |
| Local dial plan : Yes                                                                                                  |
| Microphone pick-up range : 3.7 m                                                                                       |
| Noise reduction : Yes                                                                                                  |
| Operating relative humidity (H-H) : 5 - 95%                                                                            |
| Operating temperature (T-T) : 0 - 40 °C                                                                                |
| Package depth : 400 mm                                                                                                 |
| Package height : 85 mm                                                                                                 |
| Package weight : 1.76 kg                                                                                               |
| Package width : 360 mm                                                                                                 |
| Password protection : Yes                                                                                              |
| Power over Ethernet (PoE) : Yes                                                                                        |
| Product colour : Black                                                                                                 |
| Product type : Analogue/IP conference phone                                                                            |
| Quality of Service (QoS) support : Yes                                                                                 |
| Quick installation guide : Yes                                                                                         |
| RJ-45 ports quantity : 1                                                                                               |
| Security algorithms : 802.1x RADIUS, EAP-TLS, FIPS 140-2, HTTPS, MSCHAPv2, PEAP, SRTP, TLS, WEP, WPA2, WPA2-Enterprise |
| Sound pressure level : 90 dB                                                                                           |
| Speed dialling : Yes                                                                                                   |
| Storage temperature (T-T) : -20 - 70 °C                                                                                |
| Sustainability certificates : ENERGY STAR                                                                              |
| Top Wi-Fi standard : 802.11a                                                                                           |
| USB port : Yes                                                                                                         |
| Voice codecs : G.711, G.711alaw, G.711ulaw, G.719, G.722, G.722.1, G.722.1C, G.729ab, OPUS, iLBC                       |
| Weight : 735 g                                                                                                         |
| Width : 339 mm                                                                                                         |
| Wi-Fi : Yes                                                                                                            |
