

DESCRIPTION

Tablets are a great way to provide information in public spaces, such as retail shops, museums, showrooms and exhibitions. However, they are easy to damage or steal, and there are so many different versions. Vogel's Professional developed the Universal TabLock® enclosure to protect a tablet while still allowing access to the touch screen. Because of the universal design, the Universal TabLock is a perfect for iPad, Galaxy Tab and any other 10 inch tablet with a minimum dimension of 236x166x3 mm and maximum dimension of 285x186x10 mm.
