

DESCRIPTION

Easily transport and store your Bose L1 Pro32 portable line array with the L1 Pro32 Array & Power Stand Bag. This soft, padded bag was designed specifically to carry the L1 Pro32 line array and power stand, so you can have confidence that each component fits safely and securely. And theres also extra room inside to carry microphones, cables, and more. Sling your L1 Pro32 over your shoulder using the comfortable strap to free up your hands so you can get out the door and into your music in no time.
