

DESCRIPTION

As the applications of Power over Ethernet have expanded to home users from the IT industry, PLANET has developed a new Single-Port PoE+ Injector which meets the requirements of both the IT industry and home users for high wattage output and easy installation.

The POE-164 is a wall-mountable single-port 802.3at PoE+ injector with internal power supply in compact housing. Carrying both Ethernet data and power simultaneously, the POE-164 helps users to utilize just one Ethernet cable to easily install and deploy IP cameras, wireless APs or VoIP phone networking in environments where power outlets are hard to find.

Specifications:

- 2-port RJ-45 interfaces
- 1-port Data + Power output
- 1-port Data input
- 1 AC 100-240V input power socket
- 1-port High Power over Ethernet Mid-Span PSE
- IEEE 802.3at Power over Ethernet Plus compliant
- Backward compatible with IEEE 802.3af Power over Ethernet
- Supports PoE Power up to 30 watts for PoE port
- Up to 1 IEEE 802.3at device powered
- Provides DC 53V power over RJ-45 Ethernet cable to a device equipped with an Ethernet port
- Auto-detection of PoE IEEE 802.3at/af equipment and devices from being damaged by incorrect installation
- Remote power feeding up to 100m
- All-in-one design with internal power supply
- Compact size plastic case
- LED indicators for Power LED and Active LED (PoE ready/In-use)

TECHNICAL CHARACTERISTICS

Brand : PLANET

Part number : POE-163
