

DESCRIPTION

Optimize your workflow with a professional document-creation solution

The Transcription Set is a digital document creation solution specifically designed to make transcription easy and intuitive. The ergonomic accessories and the innovative SpeechExec Pro workflow software let you manage your jobs easily.

Ergonomic foot control for comfortable use even when used over extended periods

The foot control was developed in cooperation with hospital ergonomists and day-to-day power users to ensure a perfectly smooth transcription process with minimal physical strain. Magnetically controlled contact switches, rugged pedals and a waterproof design make it extremely durable and give the device a very long life.

Lightweight stereo headphones for enhanced wearing comfort

Lightweight, under-the-chin-style stereo headphones designed to deliver excellent sound quality, with soft ear cushions for enhanced wearing comfort.

SpeechExec workflow software for efficient data management

The SpeechExec software organizes the workflow of dictation files and resulting documents between author and transcriptionist and allows them to monitor the status of their work.

Priority setting and notifications for urgent recordings

With the included priority-setting option, urgent recordings can be prioritized. This guarantees that important dictation files will be identified at a glance and get processed and delivered first.

Individual sort and filter options for easy file organization

SpeechExec Pro Transcribe enables users to search for specific dictation files or filter their dictation list by user-definable criteria. Furthermore, the easy-to-use list-sorting options for single and multiple dictations guarantee a quick overview of dictation files.

Geared for Dragon NaturallySpeaking speech-recognition software

The seamless integration of Philips dictation recording devices and the direct interface to Dragon NaturallySpeaking Professional speech recognition software guarantee superb audio quality, high recognition accuracy, and easy hardware administration.

Seamless integration into Philips digital dictation solutions

The transcription set can be seamlessly and easily integrated into existing Philips digital dictation solutions.

TECHNICAL CHARACTERISTICS

Brand : PHILIPS
Part number : LFH7277/08
Caractéristiques :
Dictation routing/workflow rules : Y
Poids et dimensions :
Headphone weight : 53 g
Key control : Y
3:5 mm connector : Y
Bundled software : Philips SpeechExec software + 2 Year subscription
Cable length : 3 m
Connectivity technology : Wired
Connector contacts plating : Gold
Control unit type : Foot control unit
Ear coupling : Supraaural
Headphone sensitivity : 103 dB
Housing material : Plastic
Impedance : 32
Maximum input power : 10 mW
Number of function keys : 4
Sustainability certificates : RoHS
USB connectivity : N
Wearing style : Under-chin
