

## DESCRIPTION

The PLANET FSD-808 HP High-Power switch can supply the power to 8 x PoE 802.3af/at powered devices over a single RJ-45 cable up to a 100-meter distance.

The installation of your video surveillance camera/ Wireless AP is made easier thanks to this switch. You can check on the PoE capacity at a glance.

Product benefits:

- 8 x 10/100 Auto MDI-MDiX and PoE+ 30 W Ports
- PoE budget: 140 W total with visual indicator
- Specifically designed for PTZ cameras and Dual Band access points
- Fanless design, silent operation
- Compliant with IEEE802.3az / Energy Efficient Ethernet:: the switch supplies the power accordingly to the cable length.

## TECHNICAL CHARACTERISTICS

Brand : PLANET

Part number : FSD-1008HP
