

DACOMEX Motorized large TV cart S100-800W-M - FRENCH socket

DESCRIPTION

This motorized height-adjustable TV mount is a versatile solution for those looking for mobile or shared viewing of TVs for presentations, video conferencing and more. The powerful dual-motor design provides ample capacity to lift and lower even the heaviest TVs (120 kg / 264.6 lbs).

This mount offers the perfect solution for collecting, displaying and sharing information tailored to today's changing needs.

Product Plus:

- Remote control included: for easy movement
- Heavy-duty steel construction to support the heaviest TVs with confidence
- Free-tilt design: allows easy adjustment forward or backward for better viewing and reduced glare
- Heavy-duty casters with locking mechanism: can be moved or stopped at will
- Height-adjustable equipment shelf: provides more storage space for accessories
- Height-adjustable camera shelf: for clearer video during meetings and presentations
- Multiple motors: provide greater lifting capacity and increased stability
- Height-adjustable TV mount: for an optimal viewing experience
- Equipment shelf: provides more storage space for accessories
