

DESCRIPTION

This case with tripod and protective flap is specially designed for your Galaxy Tab A9+ 11» tablet. The tripod behind the screen holds your tablet in place when using the touch screen. The tripod is equipped with a friction hinge allowing multiple tilting of your tablet to suit your use. It's an ultra-resistant semi-rigid protective case that protects the device thanks to the air pockets in the 4 corners and the structure at the bottom of the shell to absorb up to 300 drops from 90cm and disperse the shock wave. It includes a slot for the MOBILIS® stylus (ref. 001090) or any other tactile stylus. When transporting your Galaxy Tab A9+ 11», the case closes thanks to a magnetic tab that protects the screen and keeps the flap closed.

TECHNICAL CHARACTERISTICS

Brand : MOBILIS
Part number : 029034
Auto wake/sleep function : Yes
Brand compatibility : Samsung
Built-in battery : No
Built-in speaker(s) : Yes
Case type : Folio
