

LocknCharge Carrier 10 (EU) Charging Station with Baskets for 10 devices

DESCRIPTION

Charge, store, and secure up to 10 devices. Install the LocknCharge Carrier Charging Station on the wall or on a desk to create a secure charging space for tablets, iPads, Chromebooks, MacBooks, laptops, etc.

Benefits

- Truly universal secure charging station. Compatible with Chromebooks, MacBooks, tablets, iPads, and laptops.
- Wall or desk mounting system included.
- Charges up to 10 devices simultaneously.
- Secures up to 10 devices.
- Includes 2 large LocknCharge baskets.
- Includes a rack for larger devices.

Smarter equipment:

- The large LocknCharge baskets speed up and secure the deployment of your devices <13.5-14". The Carrier Station is equipped with two large baskets to accommodate larger devices. You can now safely store and distribute Chromebooks, 13" MacBooks, tablets, or iPads.
- Compatibility. The LocknCharge Carrier 10 cabinet includes large LocknCharge baskets and a stainless steel rack to store larger devices up to 17".
- Security. Protect your devices and the investment they represent. When not in use, your devices are protected by the robust welded steel structure of the LocknCharge Carrier 10, the wall mounting kit, and the included hardened steel padlock.
- Efficient charging. LocknCharge Carrier Charging Stations simultaneously charge your Chromebooks, MacBooks, laptops, iPads, and tablets, with or without protective cases (240V mains sockets).
- Wall-mounted or desk charging station. Transform a wall, desk, or bench into a secure charging space for your mobile devices.
- The Carrier Charging Cabinet is designed to be flexible and adapt to your environment.
- Robust warranty. LocknCharge products are built to last.
- Designed to go where other charging stations don't. LocknCharge baskets allow you to safely share and distribute devices stored in the secure Carrier 10 charging cabinet across multiple sites in your business, hospital, university, school, or classrooms, etc. Users or students can participate in the distribution of devices. These baskets are interchangeable with other LocknCharge carts, such as the Carrier™ 20, 30, and 40 Carts, or the Joey™ 30 and 40 Carts.
- What if your devices are too large for the baskets? The universal Carrier 10 charging cabinet also includes a stainless steel storage rack. This rack is designed to accommodate large 17" laptops.
- Easy cable management. Cable management in Carrier 10 cabinets has been simplified. You can now connect an entire Carrier 10

station in just a few minutes. Save time during setup and gain time daily with a secure Carrier charging cabinet.
-Secure charging. The accessibility of the external power socket allows you to charge your devices while they are securely locked in the charging station. Additionally, the device power blocks are stored separately under the sliding steel cover and are only accessible when the Carrier Charging Station is open.

Product Specifications

668 mm (H) x 420 mm (W) x 340 mm (D) 20 kg

Basket Slot Dimensions

Large baskets: 370 x 234.2 x 24.5 mm

Rack/Shelf Slot Dimensions

Metal rack: 450 x 295 x 34 mm
