

Aten CS22U kvm vga/usb multiplatform

DESCRIPTION

The ATEN CS22U KVM mini switch allows you to use two computers, whatever their operating system is, from a console (VGA / USB). Switching from one CPU to another is done with a small wired remote control so that you do not clutter up your desk with the cabling.

Specifications:

- Max Video Resolution: 2048 x 1536
- Peripheral Connectors
 - Display: 1 VGA HD15 female port
 - Keyboard / Mouse: 2 USB ports type A
- Connections to computers:
 - 2 integrated "octopus" cords 90cm: VGA + USB
- Wired remote control for switching from one computer to another (1.8m cord)
- Multiplatform Compatible: Windows, Mac, Linux and Sun
- Dimensions 70 x 82 x 25 mm - 310gr
