

## DESCRIPTION

This adapter is saving you one cable passthrough, if one twisted pair cable is already in.

To do this, you have to install two identical connectors: the first one at the HUB, the second one at the workstation.

T M/F/F category 5 for 100Base-T connection including 2 x RJ45 female connectors, one 15-cm cable and one RJ45 male connector.

Two different wiring layouts are available: COREL and ETHERNET

## TECHNICAL CHARACTERISTICS

Brand : GENERIQUE

Part number : ECF-901840
