

LocknCharge Joey 40 (EU) Charging Trolley with Baskets for 40 devices

DESCRIPTION

Efficiently charge, store, secure, and transport up to 40 mobile devices at a budget-friendly price.

Benefits:

- Enjoy LocknCharge quality at an affordable price.
- Charge, store, secure, and transport 40 iPads, tablets, Chromebooks, and laptops.
- Large transport baskets and storage racks are included in the price.
- Cables are neatly organised, making device connection easy.
- Speed up the deployment of your mobile devices in the classroom with convenient top-loading access.
- Compact and mobile, making it less cumbersome to move.

Smarter equipment:

- Save time and money. Our goal is to save you precious time and money every day. Our baskets speed up the deployment and returning of devices. Forget the hassle of charging devices and focus on your goals.
- Perfect for shared use. Not enough devices for everyone? No problem. You can easily share your mobile devices between multiple areas. Our baskets and lightweight trolleys make transporting mobile devices quick, safe, and easy.
- Top-loading. The lid of the secure Joey charging trolleys folds completely down the sides. Devices are easily accessible from all sides for faster deployment and reloading in the classroom. Plus, there's no need to bend down to take the devices out. No more back pain, no more stress.
- LocknCharge transport baskets included for devices <13.5-14". These aren't your typical picnic baskets. LocknCharge baskets feature slots that enable quicker, safer, and more efficient device deployment. You save precious time every day.
- The cables are neatly organised, and the power strips are stored separately. Our new 'toolbox' design stores power strips at the bottom of the trolley under a removable tray, allowing easy access to strips, cords, and cables without rummaging. The new cable management strips offer better cable organisation. You can connect your devices faster after each use.
- External charging status display. There is no need to be a superhero to know the charging status of your devices. The ECO Safe Charge™ display on our Joey Carts does that for you.
- Compatible and efficient. The Joey mobile classroom trolley is also suitable for larger devices (max 405mm x 268mm x 24mm). Up to 40 iPads, tablets, Chromebooks, laptops, and other smart devices (with or without protective cases) can be stored and charged in Joey trolleys.
- Affordable. Benefit from all the great features of LocknCharge trolleys for managing your mobile devices, at a more affordable price.
- Safe power management with universal mains charging. ECO Safe Charge™ technology prevents short circuits and overcharging by staggering device charging, thus protecting battery life. Time and shock resistant. Joey trolleys are made of high-quality riveted steel.

and come with a 10-year warranty.

- Robust. Secure your devices in schools, hospitals, or businesses. Lock the devices in the storage area with a padlock. An optional floor anchoring kit secures the trolley to the floor.
- Durable and adaptable. Invest in a solution that evolves with your needs. Removable racks and baskets ensure your trolley stays relevant as devices and technologies change, even accommodating a Wi-Fi hotspot.

Padlock included. Our Joey Cart comes with a high-quality stainless-steel padlock.
