

IDE adapter cable for 2,5" HDD

DESCRIPTION

IDE adapter cable for connection of a 2.5" IDE HDD (44 pins) to a standard 40-pin IDE motherboard ribbon cable over Molex power supply plug.

This adapter cable is recommended when you need to retrieve data from a desktop computer to an external HDD enclosure.

Main features:

- On the motherboard side: HE10 40-pin (data) connector and Molex (power supply) connector
- On the IDE 2.5" HDD side: HE10 44-pin

TECHNICAL CHARACTERISTICS

Brand : GENERIQUE

Part number : ECF-300991

Main features :

Signal : Data

Connection type : Ribbon cable

Cable type : IDE ribbon cable

A Connector type : IDE

B Connector type : IDE

Connector A : 1 x 40-pin HE10/ 1 x Molex

Connector B : 1 x 44-pin HE10

Length (cm) : 0
