

# 24-pin to 20-pin power cable adapter for motherboard-10 cm

## DESCRIPTION

With this adapter cable, you can connect a 24-pin ATX power supply to a motherboard equipped only with 20-pin ATX connectors. The wiring drawing complies with EPS/12V specifications on the 24-pin side and to the ATX2.x specifications on the 20-pin side.

Main features:

- Input connector: 1 x 24-pin ATX
- Output connector: 1 x 20-pin ATX
- Cable length: 10 cm

## TECHNICAL CHARACTERISTICS

|                                              |
|----------------------------------------------|
| Brand : GENERIQUE                            |
| Part number : ECF-314071                     |
| Main features :                              |
| Signal : Power                               |
| Connection type : Cable                      |
| Cable type : Motherboard power adapter cable |
| A Connector type : 20-pin ATX                |
| B Connector type : 24-pin ATX                |
| Connector A : 1 x 24-pin ATX                 |
| Connector B : 1 x 20-pin ATX                 |
| Length (cm) : 10                             |
