

## DESCRIPTION

## TECHNICAL CHARACTERISTICS

|                                                             |
|-------------------------------------------------------------|
| Brand : RARITAN                                             |
| Part number : PX3-5190CR-Q1                                 |
| <b>Design :</b>                                             |
| Type : Three-phase                                          |
| AC outlet types : C13 coupler                               |
| AC outlets quantity : 8 AC outlet(s)                        |
| Cable length : 3 m                                          |
| Dimensions (WxDxH) : 440 x 183 x 44 mm                      |
| Display : LCD                                               |
| Load capacity : 3700 VA                                     |
| Maximum current : 16 A                                      |
| Monitoring : Current, Humidity, Power, Temperature, Voltage |
| Mounting : Horizontal                                       |
| Nominal input voltage : 230 V                               |
| Nominal output voltage : 230 V                              |
| Package dimensions (WxDxH) : 415 x 320 x 570 mm             |
| Package weight : 5.5 kg                                     |
| PDU types : Monitored, Switched                             |
| Power plug : C20 coupler                                    |
| Product colour : Black                                      |
| Rack capacity : 1U                                          |
| Weight : 4.9 kg                                             |
