

# TP-LINK TL-SF1048 48-Port 10/100Mbps Rackmount Switch

## DESCRIPTION

The 48-Port Fast Ethernet Switch TL-SF1048 is designed to meet the needs of the most demanding workgroup and departmental connectivity requirements. A reliable, easy-to-use switch without the complexity of management, the TL-SF1048 provides 48 10/100Mbps ports. The TL-SF1048 combines ease of use with unsurpassed performance resulting in an exceptional value for any cost-conscious network administrator who wants the best possible solution at the best possible price.

- 48 10/100Mbps RJ45 ports
- Innovative energy-efficient technology saves power up to 50%
- Supports MAC address self-learning and auto MDI/MDIX
- Standard 19-inch rack-mountable steel case

## TECHNICAL CHARACTERISTICS

|                                      |
|--------------------------------------|
| Brand : TP-LINK                      |
| Part number : TL-SF1048              |
| <b>Main features :</b>               |
| Network standard : 10/100 Mbps       |
| ODI Model Layer : Unmanaged          |
| Management : No                      |
| Operating environment : SMB          |
| Industrial : No                      |
| Rackmount : Yes                      |
| PoE function : No                    |
| Power supply : Embedded power supply |
| <b>Connectors :</b>                  |
| Total number of ports : 48           |
| Number of RJ-45 ports : 48           |
| Number of fiber ports : 0            |
| Number of BNC Ethernet ports : 0     |
| <b>RJ-45 patch cords :</b>           |

|                                  |
|----------------------------------|
| Number of 10/100 ports : 48      |
| Number of 10G ports : 0          |
| Number of Gigabit ports : 0      |
| <b>Fiber optics :</b>            |
| Number of 100FX ports : 0        |
| Number of SFP Gigabit ports : 0  |
| Number of SFP+ ports : 0         |
| <b>PoE data :</b>                |
| PoE standard : -                 |
| PoE budget (Watts) : Non Poe     |
| Number of 15-Watt PoE ports : 0  |
| Number of 30-Watt PoE+ ports : 0 |
| Number of 60-W PoE++ ports : 0   |
