

USB 3.0 To SATA+3.5'IDE+2.5'IDE + Power Supp 12V/2A

DESCRIPTION

The Swiss army knife of hard disk drives!

Connect any 2.5" / 3.5" SATA or IDE HDD to your computer, without opening your PC case. This USB3.0 adapter is ideal to retrieve the data from HDDs when you switch from an old computer to a new one.

The adapter has no cable; it is small, compact, and very practical. It can push the data transfer rate to the highest possible speeds, and save you some valuable time.

Product benefits:

- Compatible with 2.5"/3.5" SATA/IDE HDDs
- Cast design, with no cable
- Hot pluggable over USB connector
- USB3.0 connection interface for up to 5 Gbps data transfer rates
- Power switch

Main features:

- USB3.0 connection interface, down-compatible to USB2.0
- Connectors:
 - SATA for 2.5"/3.5" HDDs
 - IDE-44 pins for 2.5" HDDs
 - IDE-40 pins for 3.5" HDDs
- USB Type A/B cable included (50 cm)
- Power adapters according to the disk formats
- External power supply with power switch included (12 V/ 2 A)
