

DESCRIPTION

The PLANET POE-460 is a PoE+ injector with a 4-port hub, which can supply the power to 4 PoE devices over category 5 cable, providing these are compliant with the PoE 802.3at or 802.3af specifications.

Supports 4 x RJ45 input data ports to be connected to a 10/100 switch and 4 x RJ45 output data+power ports to be connected to the PoE devices (PD).

The PLANET POE-460 supplies the power to the most demanding devices, such as surveillance PTZ cameras with night vision.

Specifications :

- Compliant with the following standards : IEEE 802.3, 802.3u, 802.3ab, IEEE 802.3at, IEEE 802.3af
- 4 x RJ45 10/100/1000Mbps input ports (data)
- 4 x RJ45 10/100/1000Mbps PoE output ports (data+power)/ 802.3at - MidSpan (pin 4/5/7/8)
- Maximum output power: 30W per port
- Total power : 120W
- Dimensions : 97 x 70 x 26 mm - 220 g
- External power supply: 230V - 52V 2.31A

TECHNICAL CHARACTERISTICS

Brand : PLANET

Part number : HPOE-460
