

DESCRIPTION

21:9 Widescreen

With support for a 21:9 widescreen aspect ratio (2,560 × 1,080), LAED series provides an immersive viewing experience with the wider screen than 16:9 display. Its screen specialization helps display 21:9 content including widescreen videoconferencing platforms with the natural details.

Easy Installation

The installation process of the 21:9 All-in-One series is simple. After securing three cabinets, attach each LED display module to them. Lastly, plug in the power cable. This simple installation saves time and labor, thereby making users handle the LED screen with ease.

Office Meeting Mode

With Office Meeting Mode, easily configure meeting room details like the room number and current time. It also includes convenient features like automatic input switching, a presentation timer, and adjustable settings such as autobrightness and picture mode.
