

# Dacomex dry duster multiposition 256 ml

## DESCRIPTION

Multi-position dust remover gas in 256 ml aerosol

Dacomex multi-position gas dust remover is the perfect solution for removing dust and dirt from hard-to-reach places. This non-flammable dusting gas is ideal for keyboards, computers, printers and more. Supplied with an extension rod to clean inaccessible places. Can be used in all positions to clean delicate areas of optical and electrical equipment. Liquid contents may cause frostbite if sprayed directly onto skin. Fully complies with the new fluorinated gas legislation of 01/01/18. Strictly professional use.

Key points :

- Non-flammable
- Alcohol-free
- Can be used in all positions (head up / head down)
- Spray power can be controlled
- Capacity: 650 ml (gross) / 256 ml (net)
- Weight: 300 grams

Suitable for:

- Keyboards
- Printers
- Photocopiers
- Fax machines
- Cameras
- Delicate electronic equipment
