

DESCRIPTION

This full motion TV wall mount fits most 32-70 inch TVs and can easily support up to 45kg/99lbs. Its full motion capabilities allow +5° to -15° tilt and +90° to -90° swivel of your TV, maximizing viewing flexibility from anywhere in the room. A +3° to -3° level adjustment combined with an internal bubble level ensures that the TV is perfectly positioned after installation. Integrated cable management keeps cables organized and protected.

- Extendable wall arm for screens from 32 to 70"
- VESA: from 200 x 200 to 600 x 400
- Maximum weight of the screen supported: 45 kg
