

DESCRIPTION

Speed up your workflow

with easy file download and fast charging.

The Pocket Memo docking station allows you to easily transfer all your dictations to your computer as well as quickly charge your device, so you are always ready to go. Combined with the optional foot pedal, it is possible to record hands-free and even transcribe without a computer.

Top performance

- Automatic download of dictation files from your recorder into SpeechExec workflow.
- Fast charging for high productivity.
- Plug to connect a Philips foot pedal for hands-free dictation and transcription.

Automatic download of dictation files from your recorder into SpeechExec workflow

Just dock your Pocket Memo dictation recorder into the docking station and enjoy the easiest way to transfer your dictation files to the computer in seconds.

Fast charging for high productivity

Charge the batteries of the Pocket Memo dictation recorder to keep it always ready for use. Supporting fast recharging, the docking station recharges the batteries in only three hours.

Plug to connect a Philips foot pedal for hands-free dictation and transcription

The docking station is prepared to work with a Philips foot pedal (optional LFH2210). This way you can enjoy hands-free recording and transcription via the docking station, without being connected to a computer.

TECHNICAL CHARACTERISTICS

Brand : PHILIPS

Part number : ACC8120/00

Réseau :

Bluetooth : N
Connectivité :
HDMI : N
Audio output : N
Brand compatibility : Philips
Cables included : USB
Compatibility : DPM6000, DPM7000, DPM8000, LFH2210
DC output current : 1.8 A
DC output voltage : +5V
Depth : 77 mm
Height : 45 mm
Micro-USB 2:0 ports quantity : 1
Product colour : Silver
Sustainability certificates : RoHS
User guide : Y
Weight : 196 g
Width : 80 mm
