

## DESCRIPTION

### Chromecast built-in for wireless content sharing

Make meetings run smoother and faster with seamless wireless connectivity to the big screen from any Apple, Windows or Android device. Chromecast built-in enables instant casting of presentations and media from mobiles, laptops and tablets in up to 4K resolution. It's cost-effective, requires no extra hardware and is secure for corporate use.

### HDMI hotplug detection with auto on/off function

When wireless connectivity is not an option, HDMI hotplug detection recognises direct cabled connections from presentation sources and automatically handles source changes and on/off functioning.

### Android updates provide the latest functionality

Android-powered Philips Professional TVs are fast, versatile and easy to navigate. The TVs are optimised for native Android apps and you can install web apps directly to the display too. Automatic updates ensure apps stay up to date.

### Google Play Store access for apps and media

Full access to the entire Google Play Store makes it easy to add apps, games, music, movies and more to your Philips Professional Display. New business tools and extra entertainment options are added to the catalogue daily, ensuring that you always have access to the latest global trends.

### Crestron Connected certified system integration

Connect this Philips Professional Display to your Crestron network for full remote control via your laptop, desktop or mobile device. Switch the display on and off, schedule content, manage settings and easily connect external devices. Crestron Connected® provides a fast, reliable and secure enterprise level solution for wireless and wired content sharing from Apple, Windows, Android and Linux devices.

### Scheduler for content playback at selected times

Built-in scheduler makes it easy to launch content and apps based on time of day for a more engaging environment with better results.

### Operate, monitor and maintain via CMND & Control

Run your display network over a local (LAN or RF) connection. CMND & Control allows you to perform vital functions like updating software and settings, as well as monitoring display status. Whether you're in charge of one TV or more, CMND & Control makes

managing your fleet easy.

**Install and manage apps remotely with AppControl**

Take full, centralised control of the apps installed on your Philips Professional TVs. AppControl lets you install, delete and manage apps on selected TVs or your entire network so that you can offer personalised experiences to your guests and customers no matter how many TVs you are managing.

**TECHNICAL CHARACTERISTICS**

|                                                     |
|-----------------------------------------------------|
| Brand : PHILIPS                                     |
| Part number : 75BFL2114/12                          |
| Représentation / réalisation :                      |
| HDCP : Y                                            |
| Batteries included : Y                              |
| Built-in speaker(s) : Y                             |
| Contrast ratio (dynamic) : 5000:1                   |
| Contrast ratio (typical) : 1200:1                   |
| Country of origin : China                           |
| Depth : 94 mm                                       |
| Digital signal format system : DVB-C, DVB-T, DVB-T2 |
| Display brightness : 380 cd/m²                      |
| Display diagonal : 190.5 cm (75»)                   |
| Display diagonal (metric) : 189 cm                  |
| Display number of colours : 1.073 billion colours   |
| Display resolution : 3840 x 2160 pixels             |
| Display technology : LED                            |
| Energy consumption (SDR) per 1000 hours : 112 kWh   |
| Energy efficiency class (SDR) : F                   |
| Energy efficiency scale : A to G                    |
| Ethernet LAN : Y                                    |
| Ethernet LAN (RJ-45) ports : 1                      |
| Harmonized System (HS) code : 85285210              |
| HD type : 4K Ultra HD                               |
| HDCP version : 2.2                                  |
| HDMI ports quantity : 3                             |
| HDMI version : 2.0                                  |
| Height : 966 mm                                     |
| LED backlighting type : Direct-lit LED              |
| Number of built-in speakers : 2                     |
| Operating hours (hours/days) : 18/7                 |
| Operating system installed : Android                |
| Orientation : Horizontal                            |
| Package depth : 1900 mm                             |
| Package height : 192 mm                             |
| Package weight : 45 kg                              |
| Package width : 1117 mm                             |
| Panel mounting interface : 600 x 400 mm             |
| Product colour : Black                              |
| Remote control included : Y                         |
| Response time : 8 ms                                |
| RMS rated power : 20 W                              |
| USB port : Y                                        |
| USB ports quantity : 2                              |

|                                         |
|-----------------------------------------|
| USB version : 2.0/3.2 Gen 1 (3.1 Gen 1) |
| VESA mounting : Y                       |
| Viewing angle, horizontal : 178°        |
| Viewing angle, vertical : 178°          |
| Weight : 33.5 kg                        |
| Width : 1683 mm                         |
| Wi-Fi : Y                               |
