

DACOMEX Phone Headset Flex Noise Cancelling-Binaural

DESCRIPTION

This headset was designed for occasional use, up to 4 hours a day.

Includes a noise-cancelling microphone which mitigates the background noise, and a flexible tube which can swivel at 330° for optimum adjustment.

The earphones are compliant with the International hearing protection standards, and provide outstanding sound quality. They have leatherette cushions for better comfort.

The headset includes an RJ-9 cord that you can plug instead of the handset on your desktop telephone.

Product features:

- Supports Quick Disconnect function, compatible with Jabra telephones
- Binaural headset, can be used either way by left-handed and right-handed people
- RJ-9 connector
- Clic-stop headband
- Noise-cancelling microphone
- Comfortable leatherette cushions
- Compliant with the International hearing protection standards
- Cable length from RJ-9 to QD: 0.80 m un-stretched
- Cable length from QD to headset: 0.90 m
