

U.FIX Universal Smartphone Slim Mount for Bike - Scooter -

DESCRIPTION

This universal bike silicone phone mount allows you to use your smartphone during your bike rides, scooter rides or with your strolley.

Made in France, light and easy to install on handlebars it absorbs the vibrations and allow your smartphone to be at hand and guarantees a perfect hold. Your smartphone screen is thus stabilized both during your simple walks and your sports sessions. You can follow your route or your performance without difficulty.

This product has been tested in a wind tunnel and is guaranteed to hold up to 140 km/h.

This mount is suitable for standard handlebars and provided with 2 anti-slip spacers for a diameter of 22.2 or 31.8 mm. It is compatible with all smartphones between 4 and 7» thanks to the extendable straps that attach to the corners of your device (download the datasheet for instructions for use).

Also, thanks to its 360° rotating system, it offers 2 positions of use of your smartphone: in portrait or landscape modes.

Universal bike phone holder committed to 1% for the Planet !

By purchasing this phone holder for bicycles made in France, you participate in the financing of concrete environmental projects aiming at reducing the global consumption of plastic and promoting the circular economy.

TECHNICAL CHARACTERISTICS
