

DACOMEX dry duster multiple positions 200 ml

DESCRIPTION

Super powerful multi-position dust remover gas in 200 ml aerosol

This multi-position dust removal gas is the most powerful in the Dacomex range. Non-flammable and without smell, it is perfect for dislodging dust and dirt from inaccessible corners. It is recommended to use it in small doses. Controlled spray power. An extension rod is provided to help reach the most difficult to reach places. Fully complies with the new fluorinated gas legislation of 01/01/18.

Strictly professional use.
