

DESCRIPTION

The unbreakable screen protector for Zebra ET40 - ET45 10 inch tablets is an ultra-resistant product, designed by MOBILIS® to effectively protect your Zebra tablet against damage such as breakage, scratches and dust. This screen protector is IK06 certified, offering the best shockproof screen protection available on the market, ensuring that your ET40 - ET45 tablet is protected against field impacts.

The screen protector is designed to be flexible and unbreakable, making it easy to install and handle. Thanks to the integrated anti-bubble technology, the installation of the product is quick and easy, without leaving any traces or air bubbles. In addition, the screen protector is transparent, providing unparalleled screen clarity, so your tablet's display remains crisp and clear.

The product comes with an installation kit consisting of a cleaning wipe, a microfiber cloth, a dust catching adhesive film and a smoothing card for easy installation. With these quality accessories, the installation of the protection is very simple and fast. In addition, the touch sensitivity of the screen is preserved, ensuring a smooth user experience.

TECHNICAL CHARACTERISTICS
