

DESCRIPTION

Combo fiber 100 FX & Gigabit port !
You can manage multiple high speed video flows and setup long-distance links over optical ports.

Specifications :

- 2 x SFP 100 FX & 1000 SX/LX Ports
- 8 x RJ-45 Gigabit Ports
- Layer 2 functions : VLAN - IGMP - Spanning tree - QoS - Link Aggregation - Bandwidth Control - Port Mirror
- Backplane : 20 Gbps
- 12 - 48 V DC redundant power with polarity reverse function
- Optional Electric Charger
- Management: Web, Telnet, SNMP v1/v2
- ESD protection over Ethernet connection
- IP30 aluminum case (resists to vibrations and drops)
- Operation temperature : -40°C to +75°C
- Includes the kit for DIN rail mounting
- Dimensions: 87.8 x 135 x 56 mm - 720 g

TECHNICAL CHARACTERISTICS

Brand : PLANET

Part number : IGS-10020MT
