

## DESCRIPTION

Easily transport and store your Bose L1 Pro8 portable line array system with the L1 Pro8 System Bag. This soft, padded bag was designed specifically to carry the entire L1 Pro8 system, including the power stand, so you can have confidence that each component fits safely and securely. And there's also extra room inside to carry microphones, cables, and more. Plus, the comfortable shoulder strap frees up your hands so you can get out the door and into your music in no time.
