*\*Final bag style specific to order and sales offer specifications*

# SWIFTY BAGGER. JUNIOR

## DESIGN

The Swifty Bagger Junior's compact footprint and open design make it easy to set up, operate, clean and service.

## BAG FEEDING

Easy to adjust bag magazine ensures that premade bags enter the machine perfectly square, resulting in consistent output and seals.

## CLEANING / SANITATION

Simply open the clear Lexan front doors and access all bag filling components to clean in a matter of minutes with only one person.

## EASILY INTEGRATE

The Swifty Bagger integrates with any auxiliary filling machines including our PrimoCombi multi-head weigher, PrimoLinear net weigher and Star Auger for powders.

- \*Bags must open in round / oval shape, no box opening bags
- \*Bags with zipper closure must be pre-opened by supplier
- \*Bags must be rigid enough to be able to stack in magazine
- \*Specifications subject to change without notice
