Single rocker with viewer and light symbol for S.77 mechanisms champagne Simon 82

REF. **8200016-034**

BASIC INFORMATION

DESCRIPTION

In champagne colour, we have the following individual rocker with viewer and light symbol engraving for mechanisms of the Simon 77 series, you can find it in the Simon 82 range, in addition to the ""rockers and covers"" section, six other finishes are available. It is advisable to choose the frame with the same baseboard colour as the rocker selected. The element can be either surface mounted or flush mounted. The materials used to manufacture the Simon series elements are of high quality, so much so that the metal components are thermoplastic insulated and halogen-free, this makes it to work at maximum performance in wide temperature ranges. The maintenance of the Simon elements is extremely simple, you will simply have to take a soft and clean cloth and without spraying any type of product you can always leave the component as new. It is recommended not to use corrosive or chlorine-containing liquids to avoid damaging the component.

FINISH

Champagne

MATERIAL

Thermoplastic

PACKAGING CONTENTS
