Single rocker with light symbol for push button aluminium Simon 73 Loft

REF. **73018-63**

BASIC INFORMATION

DESCRIPTION

Individual rocker with a stylish light engraving for push-button switch. It has a beautiful finished in aluminium and is part of the Simon 73 Loft series. As it is available in three different finishes, it is advisable to choose the frame in the same colour and material that the selected rocker. In this case, it is recommended to bet on the frame in aluminium. It is of individual version, for a single element and without signaling function, withstands temperatures very variables. It is advisable to use it at a temperature between 5 and 40 degrees centigrade. Although it can work perfectly in intervals more extremes (-25 to + 50 degrees centigrade). This rocker with aluminium finish is made of a thermoplastic material, which guarantees the security. Its measures are 55 x55 mA and does not require too maintenance. You just need to clean the rocker with a cloth slightly moistened in soapy water, so that it is always in perfect condition.
