

Single rocker with viewer for S.77 mechanisms cold aluminium Simon 82 Detail

REF. 8200011-093

BASIC INFORMATION

DESCRIPTION

Individual rocker with viewer, of the Simon 82 Detail series, finished in cold aluminium colour and that is used for mechanisms S.77. Simon 82 Detail is a new collection inspired by everything we cannot see, but which is capable of changing our perception of things. This collection is inspired by details and a collection is represented in two ranges with numerous materials and finishes and, in addition, offers new functions with the to achieve greater control of each space. It can be both surface or flush mounted, so it in places with a temperature located between 5 and 40°C, although it is able to withstand extreme temperatures of -25 to 50°C, approximately. Its cleaning is quite simple because it is manufactured in thermoplastic, complying with the UNE (regulation -s 60669-1: 2002 + A1: 2003 + A2: 2009), because only vas to have to clean this rocker with a soft and dry cloth, without having to use never abrasive cloths and / or abrasive cleaners containing chlorine. This rocker is available in 6 different finishes and is always recommended to choose the frame with the same baseboard colour as the rocker selected.
