

Vertical front kit for 2 elements and 2 rockers matt white Simon 100

REF. 10020213-230

BASIC INFORMATION

DESCRIPTION

Vertical front kit designed to occupy 2 elements with 2 keys. It has a nice matte white finish. It is a product of the Simon 100 series that is compatible with a voltage of 250V. This kit is a standard product.

Its installation is done efficiently, in a matter of a few minutes, having a vertical sense. If purchased in its packaging will be the keys and the cover.

For its maintenance, a soft damp cloth should be used and cleaners containing chlorine should be avoided, which will provide durability to the life cycle of said product, without affecting its surface.

For optimum operation of this kit, the temperature range should be between 5° C and 40° C. Also, the storage temperature range lies between -25° C and 50° C. This type of product is standard and is marketed throughout the EC.
