

Base for surface mount box for frame with 2 rows for 4 elements ivory Simon 27 Centralisations

REF. 27861-32

BASIC INFORMATION

DESCRIPTION

It is a surface-mounted box base for frame with 2 rows and suitable to fit 4 elements. It is ivory in colour and is made of thermoplastic, the mechanism is suitable for surface-mounted and allows a simple and quick installation on all kinds of spaces thanks to its exceptional thermal resistance. Its measures 179x150x40 mm guarantee the suitability of the piece for any corner. The article corresponds to the Simon 27 Centralisations series, a collection whose mechanisms offer multiple functions in a single point, signalling, adjustment of lighting or temperature programming are just some of the electronic functions that make it possible to its parts. For the maintenance of this type of articles, the manufacturer recommends using a soft cloth slightly moistened in soapy water. Remember that proper cleaning will prolong the useful life of this product.
