

Frame square for 4 elements graphite Simon 88

REF. 88642-38

BASIC INFORMATION

DESCRIPTION

Simon has large catalogue of frames, which combine the modern design with maximum functionality. This is the frame for four elements, square, which has a stylish finish in graphite grey. It is part of the Simon 88 series and, within this, the the square range. With dimensions of 85 x 298 millimetres, this frame Simon offers enormously versatility, since it can orient it both vertically and horizontally. The correct way to install it is flush-mounted. It should be pointed out that, to optimize its features in terms of design, it is advisable to choose the rockers and covers that accompany the product in the same graphite finish as the frame. It is manufactured from a thermostable material of the highest quality, which allows it to withstand temperatures ranging from -25 to + 50 degrees centigrade. It is available in different capacities (one to four elements in total).
