

Frame square for 2 elements white Simon 88

REF. 88622-30

BASIC INFORMATION

DESCRIPTION

This is a square frame for 2 elements made of thermoset and with a white finish, it is a product of the series Simon 88, within this series, so we include in the range, square. With dimensions of 85x 146 millimetres position, place it both horizontally and vertically. The series Simon 88 breaks stipulated and offers us a product created to highlight. Pure lines and with style that rupture the square shapes, either in with the frame or with rocker, as in this case. In this series, highlight its finishes in gold, chrome, steel, white and graphite. A frame created to give a special touch in any environment. We highlight the wide proposal of functions of this series, the signalling or the control of blinds, are just some of the examples that Simon offers us. They are compatible with the Simon 77 mechanisms.
