

Frame for 2 elements gold interior ivory Simon 82

REF. 82724-66

BASIC INFORMATION

DESCRIPTION

Frame for two elements with a gold finish and its indoor in ivory colour. It has a size of 158x89 mm for its installation can be coupled in surface-mounted and it is also suitable for flush mounting. And now with the compatibility between the Simon 82 series and the mechanisms of the Simon 77 series, you simply have to insert and press to leave the element completely installed in the favourite corner of your home. The Simon 82 series gives you a wide variety of colourful designs so that you can perform a perfect set for every decorative corner. It also offers a great facility when it comes to cleaning the frame because with a cloth moistened in water and a little soap will make the first day. And for its correct maintenance, it is also necessary to take into account its average temperature range is between 5 to 40°C and the maximum temperature between -25 to 50°C.
