Base for surface mount wall box for 2 elements white Simon 27 Play

REF. **2700752-030**

BASIC INFORMATION

DESCRIPTION

The socket for surface-mounted wall box for 2 elements is presented in a classic white colour and is of the Simon 27 Play range, consists of 4 modules and a surface-mounted total of 86 x 164 x 37 millimetres and a depth of 37 millimetres. The Simon 27 Play Series is characterised by the use of high quality thermoplastic material that resists high temperatures, which added value to the product. Its versatility, it also allows the installation of this socket to be installed both horizontally and vertically, enlarged to a wide range of possibilities greater. At the same time, which increases its functionality, since it allows you to adapt to different applications, as well as to different rooms and apartments. In addition, it has a few frames to trims, which together with its traditional white colour allow go unnoticed to the most, without losing therefore nothing of practicality.
