

Spotlight 740.01 Rail 4000K Flood CR90 White

REF. 74001030-394

BASIC INFORMATION

DESCRIPTION

The 740.01 Rail Spotlight 4000 K Flood CR90 White is a spotlight that stands out for its multiple may factors, but the most interesting is that its colour rendering index (CRI) is between the most high levels of the market (90 about 100); this makes it possible to use this spotlight even in spaces where the lighting plays a role key, as they can be museums or art galleries.

His stylish white colour with textured paint design, the high thermal or the body manufactured in aluminium means that has a appearance and structure of the most safe and resistant. Not to mention that, having a Flood category optics, this spotlight, you can enjoy an angle of opening the light beam of at least 25 degrees.

Also we highlight that manages to send to 1550 lumens with a total of 20 W power, a whole milestone for one spotlight of these features. His colour temperature of 4000 K makes the white light it emits is of type neutral, a very attractive for all types of shopping centres, the industry retail. It is a useful both spotlight for general and accent lighting, as well as its versatility is another of its great features.
