

Frame for 2 elements with circular central openings white Simon 32

REF. 32620-31

BASIC INFORMATION

DESCRIPTION

Frame is finished in white for 2 elements that presents circular openings on the control unit. It is included in the Simon 32 series and has been manufactured in Bakelite, a material very resistant and ideal for all types of spaces. The dimensions of this frame are 80x150 mm and, in addition, it can be installed both horizontally and vertically, so versatility is one of its most prized qualities. It is advisable to use the control unit square opening insert for the mechanisms with square rockers. Simon 32 series is a collection classic and simple that shows that times, the most basic is exactly what we needed. Its mechanisms who the flourishes and the overloaded, offering a functionality without equal. In relation to the maintenance of this frame, simply dampening a cloth in soapy water and to give light passes. Also, avoid chlorine-containing cleaners.
