

Plate for R/TV+SAT inductive sockets white Simon 88

REF. 88097-30

BASIC INFORMATION

DESCRIPTION

This product is part of the series Simon 88 and it is a Plate for R-TV + SAT inductive sockets. The cover is presented in a beautiful colour bank that will make seintegre seamlessly into any place where it is installed, whatever the style aesthetic. All shapes, this product is available in three different finishes, so the user will be able to choose the one is best concordar with the appearance of the place where it is to be placed. The thermoset material of the cover ensures optimum operation, even in temperature conditions are very high or low temperatures ranging from -25 to 50 degrees centigrade. Also ensures a longer hardness, which means that support best possible knocks or scratches. Its maintenance and cleaning is very simple and consists of use only a soft, damp cloth with water and soap, it is not advisable to use additional chemical products, and less if they are abrasive and with chlorine, as it could damage the structure.
