REF. **52050003-036**

BASIC INFORMATION

DESCRIPTION

The new range of metallic floor boxes by Simon has been developed to be installed in spaces that require supporting heavy loads, offering the possibility of being configured with power, voice, data, and multimedia functions while maintaining their optimal performance. The product design, the type of material used, and its thickness allow it to meet the high load requirements of buildings in the tertiary sector, such as airports, offices, retail stores, train stations, museums, hotels, hospitals, dealerships, and spaces with high foot traffic, such as universities, schools, and shopping centers... With the Simon metallic floor box range, you achieve a safe, robust, and solid installation.
